

# SEX TRAFFICKING PREVENTION TRAINING

Sex trafficking is a multi-billion dollar industry and one of the fastest growing crimes in Canada.

*“The training delivered by Covenant House was hugely impactful for our associates. With facts and data collected in Toronto, the GTA, and Canada, the training resonated much more deeply. I highly recommend this training...the information—although disturbing—is delivered in a sensitive and engaging manner.”*

—Andrea, Toronto Marriott Bloor Yorkville

Sex trafficking victims show signs of exploitation that are easily dismissed when hotel staff do not know what to look for. Training your staff to recognize the signs is crucial to keeping your guests and employees safe.

Covenant House's training sessions are free, with a local perspective and stories based on our work with sex trafficking survivors. Led by an expert facilitator, attendees will develop the tools they need to keep their workplace safe.

Join organizations like The Grand, InterContinental Toronto Centre, Bond Hotel, Hotel X, The Hazelton Hotel and Hospitality Workers Training Centre that have partnered with us to fight sex trafficking.

For nearly 40 years Covenant House Toronto has worked with sex trafficking survivors. Our comprehensive anti-trafficking plan includes prevention, victim services and research and evaluation. We deliver awareness, education and training programs to over 40,000 GTA students and industry employees annually.

COVENANT HOUSE  
**TRAFFICK STOP**  
Sharing Knowledge to End Sex Trafficking

## Who is it for?

Employees at all levels, from senior management to frontline staff, can benefit from this training.

## What will you learn?

Through sharing a sex trafficking survivor's story, employees will gain insight into how easily sex trafficking can happen. We also work through possible scenarios as a group and cover:

- The local scene
- Victim and trafficker profiles
- Warning signs for each hotel department
- Appropriate responses

## When and where?

Sessions are an hour, but can be customized to suit your needs and complement existing training initiatives. We also provide refresher courses or sessions for new hires.

## Why sex trafficking training?

Sex trafficking is a complex issue. Traffickers often use hotels as home base for their activities, so we need everyone to play their part to end it. Awareness and training are essential for safety and to protect your organization's reputation.
